Pupil Governor Profile

Millie Walker-Smith
Year 6
Chair

Who I am:

- I am approachable and a good listener.
- I enjoy working in teams from a range of abilities and ages.
- I want all learners to have a voice.
- I also want the opportunity for everyone to enjoy the environment around us and to benefit from it as well.

What I will do:

- I would love to make our school as eco-friendly as possible. This includes reducing the amount of litter dropped and disposing of waste correctly.
- Another idea is to make pupil voice questionnaires this means that all pupils will get their chance to speak about their ideas.
- In previous years the year 6's have had the opportunity to sit on the chairs in assemblies. I think this year's year 6s should get that privilege too and younger year groups will benefit from this as well and see us as role models.
